

## **General Information**

### Virtual Caedmon Summer Camp

Summer is approaching fast! We may not be able to have a traditional summer camp at Caedmon this year but our dedicated Caedmon staff and highly skilled counselors are ready to give your children the most “unique” fun.

Caedmon Discover Summer Camp runs for 6 weeks, from June 29<sup>th</sup> through August 7. Please enjoy all of the offerings, you can sign up for as many activates as you wish, we are looking forward to seeing you and your children in our NEW Discover Summer Camp 2020.

## **Registration**

New non-Caedmon camper families need to sign up for a **MyBackpack account** with the Caedmon School. Existing Caedmon families should sign into their **existing Caedmon Radius** account and go to Program Registration. This free account is necessary for you to submit payment, track your child’s Camp enrollment, and to receive essential information from the Camp management.

## **Financial Aid**

Flex Tuition Caedmon families are eligible for financial aid for summer camp classes/activates. For any question regarding Flex Tuition and Financial aid email camp directors.

## **Refunds**

Tuition is fully refundable until the first class. A pro-rated refund of the course fee is available prior to the second class. There are no refunds after the third class.

There are no make-ups or refunds for a child who misses a class.

For more information please visit our website or go to Radius or MyBackPack.

Registration will open June 1<sup>st</sup>

Virtual Summer Camp Activates/Classes

**MONDAY CLASSES (12 Options)**

**MONDAY: 2:00 - 2:40**

**Discover Dinosaurs -Frogs/Beavers (Ages 2.8-4)**

Be prepared to go on the adventure of a lifetime! That is the life times of the Dinosaurs! In this class we will explore the various species of Dinosaurs that lived on land, in the air, and in the water. We will learn about dinosaur habits, diet, and possible reasons for why they became extinct. This class is sure to be thrilling as we learn about some of the more friendly dinos as well as some of the feared ones!

**Mr. Dimmick**

**\$195**

**Discover Math -Monkeys Only (Age 5)**

Using fun, interactive, and creative way, our Monkeys friends will have fun while learning math and what child does not want to have fun with our Early Program teacher Mrs. Rama. Children will: learn to count and number patterns, addition skill builders, addition strategies, subtraction skill builders, and many other things while learning and playing.

**Mrs. Rama**

**\$195**

**Reading's Theater -Bees Only (Ages 6-8)**

Practice your performing and reading skills with in our Reader's Theater class. Bees will work on performance pieces over the course using scripts of stories from children's literature. Reader's theater is a fun way to build acting skills, reading comprehension, and fluency through performance. No memorization required! The class will culminate with a virtual performance of the scripts we worked on throughout the summer.

**Ms. Parker**

**\$195**

**Arts & Crafts (Penguins Only)**

If you love arts and crafts just as much as Amy does, then join her fun and creative art class. Classes will compile of different activities that range from using everyday household items to your basic art supplies.

**Amy McGregor**

**\$195**

**MONDAY: 2:50 - 3:30pm**

**Book Reading Story (Frogs/Beavers Ages 2.8-4)**

In this class our Early Program Teacher Ms. Fass read different books with varying themes, centered around summer, fun, games and etc. Ms. Fass will read books through a website called Archive Books which has been excellent. For example, if they read a book about ice cream, they will have discussion about their favorite flavor and it will give them a chance to interact with each other.

**Ms. Fass**  
**\$195**

**Spanish (Monkeys Age 5)**

Children will be introduced to “beginners” Spanish in a fun and interactive way. This class will focus on learning simple greetings, colors, simple animals, some foods and numbers in Spanish with songs, fun activities, and experiments.

**Ms. Ruiz**  
**\$195**

**Sports and History (Bees Only)**

This summer, Bees will learn how to develop teamwork and leadership skills through a variety of drills, games, challenges and competitions. Sports equipment will consist of a combination of everyday items from home and sports materials. Learning and participating in sports early, promotes positive mental and physical growth - Active Caedmon Bees are Happy and Healthy Campers! Each class will be led by Caedmon Physical Education Teacher, Ms. Trotter.

**Mrs. Trotter**  
**\$195**

**MONDAY: 2:40pm - 3:20pm**

**Board Games (Penguins Only)**

Not in the same room? Not a problem - there are several different board games that can be played remotely! Team party games like *Codenames* or *Just One* can be rendered easily for a Zoom meeting. Social deduction games like *The Resistance* or *Coup* are more about social interactions than the actual physical board itself. Negotiation games like *Cosmic Encounter* and *Sheriff of Nottingham* combine interaction with deception. There are even games in which the pieces and board can be made at home, adding a bit of craftwork to the class! As always, the only constraints of board games are those of our own imagination.

**Mr. Storti**  
**\$195**

**MONDAY: 3:40 - 4:20pm**

**Memory Motion Dance (Monkeys and Beavers)**

This class will focus on building and exercising the child's memory through motion and dance. Each session will consist of follow the leader dances that the campers will need to remember and repeat. This class additionally give campers to express themselves through dance.

**Chelsea P**  
**\$195**

**Architecture Class (Bees Only)**

The class combines elements of Design Thinking and STEAM education to bring in every child an inner scholar, scientist, artist, and thinker. This class is designed to introduce the elementary level children to the college level curriculum in architecture, engineering and urban design. Each concept is introduced along the hands-on building project that reinforces the material learned. The course fosters the ability to recognize complex patterns and creatively solve challenging real-world problems. Each class develops the ability to speak in public and present to others, as each child is encouraged to introduce his or her work to the rest of the class

**Each child in the class would need to get some very simple materials for the class, easily found in the grocery store (paper, straws, marshmallows, pasta, scissors etc).**

**Mrs. Gorodetsky**

**\$195**

**MONDAY: 3:20 - 4:00pm**

**Oceanography (Penguins Only)**

Do you have questions about what lies beneath the deep dark blue ocean? Are you at all curious to know what animals are swimming in the depths below? Do you want to know how the tides might be influenced by the moon? There are so many wondrous things to discover about the ocean, and that is what we will do in this class!

**Mr. Dimmick**

**\$195**

**MONDAY: 4:00 - 4:40pm**

**Healthy Me (Penguins Only)**

Come join me in exploring our relationship with food!

Based on book: Are We What We Eat?

Then a 15 to 20 minute energized workout.

Look forward to learning and moving!!!

**Judith Hair**

**\$195**

**TUESDAY CLASSES (13 Options)**

**TUESDAY: 2:00 – 2:40**

**WildKratts Jr. (Frogs/Beavers)**

Do you love animals? Are you coo-coo for coco puffs about watching Wild Kratts? In this class, we will explore a specific animal, learning about the fascinating traits and characteristics that make them unique. Then we will watch part of a Wild Kratts episode towards the end of the class that corresponds to the animal we are studying.

**Mr. Dimmick**

**\$195**

**Kindergarten Readiness (Monkeys Only)**

If your child can use a little boost this summer, join our kindergarten readiness program. Students will work on building fine motor skills, letter and sound recognition, and much more to prepare them for kindergarten.

**Ms. A. McGregor**

**\$195**

**Spanish (Bees Only)**

"Ready, set, go! This fun summer camp will take Bees on an unforgettable journey through Spanish speaking countries around the world! Through songs, games, and interactive activities campers will "visit" different regions, learning about different countries' culture, food, folklore and traditions, natural landscape, and much more! Your child will not only learn another language but also learn the magnificent culture behind it!"

**Ms. Lomena**

**\$195**

**TUESDAY: 1:30 – 2:30**

**ISEE Prep. (Penguins Only)**

ISEE PREP - with the Test Innovators platform, ISEE Prep class can be delivered online. Students should come with their questions and their prep plans ready. Mr. Storti will support general test taking strategies while helping students work through particularly vexing items. "Only available to Caedmon 5th grade students"

**Mr. Storti**

**\$225**

**TUESDAY: 2:50 - 3:30**

**Story Creation/Art & Crafts (Frogs Only)**

Listen to a book or watch a short video and create a craft project from the story. For example: "The Very Hungry Caterpillar". At the end, Frogs will have a chance to interact and share what they created.

**Mia & Jacque**

**\$195**

**Alphabet & Animals (Monkeys Only)**

In this creative class, our smart Monkeys will learn alphabet through animals. They will learn few letter a day, for example; A, B, C, and go through each letter and sound and

connect them with animals beginning with that letter. (A=Ant, B=Bear, C=Cat etc.). They will also learn about each animal, (where they live, their habitat, what they eat etc.) This class is led by our Early Program Teacher Ms. Fass.

**Ms. Fass**  
**\$195**

### **Discover Origami (Bees Only)**

Origami helps students improve their concentration as well as their mathematics skills and although it may seem difficult, it is also fun and a good way to help students relax while developing necessary skills for the school year. We will be completing six different origami projects over the course of the six weeks of camp. You do not need origami papers at home to do the class, printer paper works just as well and campers will be able to decorate them. Camper will also learn about this Japanese art form as well as have time engage with other campers. We can't wait for you to discover origami with us this summer! Run by our Alumnae.

Irene Kawarabayashi & Avery Hootstein  
**\$195**

### **TUESDAY: 2:40 - 3:20**

### **Spanish (Penguins Only)**

"Ready, set, go! This fun summer camp will take Penguins on an unforgettable journey through Spanish speaking countries around the world! Through songs, games, and interactive activities campers will "visit" different regions, learning about different countries' culture, food, folklore and traditions, natural landscape, and much more! Your child will not only learn another language but also learn the magnificent culture behind it!"

**Mrs. Lomena**  
**\$195**

### **TUESDAY: 3:40 - 4:20**

### **Story Creation/Arts & Crafts (Beavers Only)**

Listen to a book or watch a short video and create a craft project from the story. For example: "The Very Hungry Caterpillar". At the end, Beavers will have a chance to interact and share what they created.

**Mia & Jaque**  
**\$195**

### **Cooking (Frogs, Beavers and Monkeys)**

Find inspiration and have some fun with this age-appropriate cooking class! Let's come together from our own home kitchens to mix ingredients and share ideas! Options will be available to substitute or leave out ingredients according to preferences. Important ideas will be discussed, such as food safety, cleanliness, and making healthy choices. Learn math and science concepts while having fun in the kitchen. Cooking activities promote independence, coordination, and the joy of sharing something homemade with our family. If your child enjoys mixing it up in the kitchen then this

interactive class is for you. Please note: adult supervision required for baking projects. Recipes and materials list provided one week in advance of the class.

**Ms. Schneider**

**\$195**

### **Arts & Crafts (Monkeys & Bees)**

If you love arts and crafts just as much as Amy does, then join her fun and creative art class. Classes will compile of different activities that range from using everyday household items to your basic art supplies.

**Ms. A. McGregor**

**\$195**

### **TUESDAY: 3:20 - 4:00**

#### **Sports & History (Penguins Only)**

This summer, Penguins will learn how to develop teamwork and leadership skills through a variety of drills, games, challenges and competitions. Sports equipment will consist of a combination of everyday items from home and sports materials. Learning and participating in sports early, promotes positive mental and physical growth - Active Caedmon Bees are Happy and Healthy Campers! Each class will be led by Caedmon Physical Education Teacher, Ms. Trotter.

**Coach Trotter**

**\$195**

### **TUESDAY: 4:00 - 4:40**

#### **Hip-Hop Dance (Penguins Only)**

This class will focus on building a 2 minute hip-hop dance routine each session together as a team. The class will consist of developing and reviewing the dance routine until it is a perfected and complete routine that campers may perform and/or share with their families.

**Chelsea P**

**\$195**

### **WEDNESDAY CLASSES (13 Options)**

#### **WEDNESDAY 1:00 – 1:50**

##### **Movement and Music**

In this class, we discover how to move our bodies in a safe and free way through space. We explore a wide range of movements such as running, galloping, leaping, big stepping, spinning, falling, and rolling in response to rhythmic patterns accompanied by the teacher. We strengthen our cores, stretch, release and relax. While developing body awareness, we perform with full-body expression and joy. We move as an ensemble and solo and we make up our own dances.

**Sabine Heubusch**

**\$195**

**WEDNESDAY 2:00 – 2:40**

**Spanish (Frogs/Beavers)**

Children will be introduced to beginners Spanish in a fun and interactive way. This class will focus on learning simple greetings, colors, and numbers in Spanish with songs, fun activities, and experiments with our Early Program teacher Mrs. Ruiz

**Mr. Ruiz**

**\$195**

**Discover Dinosaur (Monkey Only)**

Be prepared to go on the adventure of a lifetime! That is the life times of the Dinosaurs! In this class we will explore the various species of Dinosaurs that lived on land, in the air, and in the water. We will learn about dinosaur habits, diet, and possible reasons for why they became extinct. This class is sure to be thrilling as we learn about some of the more friendly dinos as well as some of the feared ones!

**Mr. Dimmick**

**\$195**

**Writing/Poetry (Bees Only)**

Are you a poet and don't even know it? Penguins/ Bees, discover your inner poet this summer as we dive into an exploration of various types of poetry such as a haiku, a cinquain, an ode, and many more! We will be studying many famous poets and using their writing as our guide on our poetry adventure this summer! Your child will become acquainted with common English grammar rules and discover how poets use these different rules to make their poetry more expressive.

**Ms. Burnet**

**\$ 195**

**Reading's Theater (Penguins Only)**

Practice your performing and reading skills with in our Reader's Theater class. Penguins will work on performance pieces over the course using scripts of stories from children's literature. Reader's theater is a fun way to build acting skills, reading comprehension, and fluency through performance. No memorization required! The class will culminate with a virtual performance of the scripts we worked on throughout the summer.

**Ms. Parker**

**\$195**

**WEDNESDAY 2:50 – 3:30**

**Alphabet & Animals (Frogs & Beavers)**

In this creative class, our small Frogs and Beavers will learn alphabet through animals. They will learn few letter a day, for example; A, B, C, and go through each letter and sound and connect them with animals beginning with that letter. (A=Ant, B=Bear, C=Cat etc.). They will also learn about each animal, (where they live, their habitat, what they eat etc.)

This class is led by our Early Program Teacher Ms. Fass.

**Ms. Fass**

**\$195**

### **Healthy Me (Monkeys Only)**

Come join me in exploring our relationship with food!

Based on book: Are We What We Eat?

Then a 15 to 20 minute energized workout.

Look forward to learning and moving!!!

**Judith Hair**

**\$195**

### **Memory Motion Dance (Bees Only)**

This class will focus on building and exercising the child's memory through motion and dance. Each session will consist of follow the leader dances that the campers will need to remember and repeat. This class additionally give campers to express themselves through dance.

**Chelsea P**

**\$195**

### **WEDNESDAY 2:40 – 3:20**

#### **Minecraft II (Penguins Only)**

When you can't go outside and can't go to the park, you can join your friends in Educational Minecraft World and create your own park and interact with your friends. Create fictional and real-world cities and buildings characterize the exciting endeavors awaiting your children in Discover Camp Minecraft.

**Mrs. Vrazel**

**\$195**

### **WEDNESDAY 3:40 – 4:20**

**Superheroes (Beavers Only)**

Get your imaginations ready! In this class we will learn about some of the most famous superheroes in the world. We will compare their powers and abilities. And we each create an individual character, designing the costume, the traits, and the symbol and history surrounding our very own personal super hero.

**Mr. Dimmick**

**\$195**

**All Around the World (Bees Only)**

This class offers the opportunity for Bees to virtually explore different countries around the world! Together we will visit different areas of the world and learn about the food, culture, sports, climate, etc. Students will be able to help decide where we should "travel" to during our classes and we will explore with the support of stories, videos, virtual field trips, Google Maps, and any personal experiences!

**Amy Klopp**

**\$195**

**WEDNESDAY 3:20 – 4:00****Cooking (Penguins Only)**

Find inspiration and have some fun with this age-appropriate cooking class! Let's come together from our own home kitchens to mix ingredients and share ideas! Options will be available to substitute or leave out ingredients according to preferences. Important ideas will be discussed, such as food safety, cleanliness, and making healthy choices. **Irene Kawarabayashi & Avery Hootstein**

**\$195**

## **THURSDAY CLASSES (14 Options)**

### **THURSDAY 1:20 – 1:50**

#### **Yoga and ME**

In Yoga, we explore and learn asanas (yoga poses), breathing techniques, meditation and relaxation in a playful, joyful, and safe way by using images, games, and music to engage and identify the poses. Each child will work towards their individual goal for this summer class and will be supported in gaining strength, flexibility, focus, body awareness, kindness and radiance in a relaxed and positive environment.

**Sabine Hebusch**

**\$195**

### **THURSDAY 1:30 – 2:10**

#### **Trivia Quest (Penguins Only)**

Ready for some Trivia. Here it is, our Caedmon Alumni Avery Hootstein created fun and educational class. He designed a Kahoot based around different topics ranging from movies and TV, sports, and educational topics like geography and history. This would create an environment that creates a fun, competitive and educational feel.

**Avery Hootstein**

**\$195**

### **THURSDAY 2:00 – 2:40**

#### **Let's Count (Frogs/Beavers)**

Using fun, interactive, and creative way, our Frogs and Beavers friends will have fun while learning math and what child does not want to have fun with our Early Program teacher Mrs. Rama. Children will: learn to count, identify numbers, count using stickers and many other things while learning and playing.

**Mrs. Rama**

**\$195**

#### **Read and Act (Monkeys Only)**

Introduce a story that has characters and movement. Read a story and act it out, then Monkeys will act out their favorite part of the story. For example: "Caps For Sale." At the end of each class friends will interact and share.

**Mia & Jacque**

**\$195**

#### **Cooking (Bees Only)**

Find inspiration and have some fun with this age-appropriate cooking class! Let's come together from our own home kitchens to mix ingredients and share ideas! Options will be available to substitute or leave out ingredients according to preferences. Important ideas will be discussed, such as food safety, cleanliness, and making healthy choices. Learn math and science concepts while having fun in the kitchen. Cooking

activities promote independence, coordination, and the joy of sharing something homemade with our family. If your child enjoys mixing it up in the kitchen then this interactive class is for you. Please note: adult supervision required for baking projects. Recipes and materials list provided one week in advance of the class.

**Ms. Schneider**

**\$195**

### **Writing/Poetry (Penguins Only)**

Are you a poet and don't even know it? Penguins/ Bees, discover your inner poet this summer as we dive into an exploration of various types of poetry such as a haiku, a cinquain, an ode, and many more! We will be studying many famous poets and using their writing as our guide on our poetry adventure this summer! Your child will become acquainted with common English grammar rules and discover how poets use these different rules to make their poetry more expressive.

**Ms. Burnet**

**\$195**

### **THURSDAY 2:50 – 3:30**

### **ABC/Words/Letters (Frogs/Beavers)**

Who is ready for new words, letters and fun with our Early Program Teacher Ms. Dulaj. In this class, little Frogs and Beavers will be learn phonics and decoding, for emergent readers; sounds, beginning middle and end, and CVC words. For more advanced friends; blends and digraphs.

**Ms. Dulaj**

**\$195**

### **All Around the World (Monkeys Only)**

This class offers the opportunity for Monkeys to virtually explore different countries around the world! Together we will visit different areas of the world and learn about the food, culture, sports, climate, etc. Students will be able to help decide where we should "travel" to during our classes and we will explore with the support of stories, videos, virtual field trips, Google Maps, and any personal experiences!

**Amy Klopp**

**\$195**

### **Math (Bees Only)**

In this class, Ali our veteran camp counselor will play fun interactive math games with the group of students/campers that will help support their fact fluency for addition and subtraction and they will work on fun word problems!

**Ali**

**\$195**

### **THURSDAY 2:40 – 3:20**

### **Architecture Class (Penguins Only)**

The class combines elements of Design Thinking and STEAM education to bring in every child an inner scholar, scientist, artist, and thinker. This class is designed to introduce the elementary level children to the college level curriculum in architecture, engineering and urban design. Each concept is introduced along the hands-on building project that reinforces the material learned. The course fosters the ability to recognize complex patterns and creatively solve challenging real-world problems. **\$215**

### **THURSDAY 3:40 – 4:20**

#### **Outer Space Adventures (Monkeys/Beavers)**

To infinity, and beyond! Do you think there is life on Mars? Is it possible to live on one of the moons of Jupiter? How was crater lake actually formed? In this class we will explore not only our solar system, but the mysteries and strange occurrences outside our galaxy, from Black holes to dwarf planets to strange stars like Betelgeuse!

**Mr. Dimmick**

**\$195**

#### **Minecraft I (Bees Only)**

When you can't fly outside and go to the park, you can join your friends in Educational Minecraft World and create your own park and interact with your friends. Create fictional and real-world cities and buildings characterize the exciting endeavors awaiting your children in Discover Camp Minecraft.

**Mrs. Vrazel**

**\$195**

### **THURSDAY 3:20 – 4:00**

#### **Math (Penguins Only)**

In an online environment, mathematics can be just as engaging. Math based games and activities are all over the internet. Sometimes it can be difficult to tell rich and engaging math games (like most games at [mathgames.com](http://mathgames.com)) from the fluff (like most games at the similarly named [coolmathgames.com](http://coolmathgames.com)). We will explore well-reviewed resources and will have fun and engaging activities that are also mathematically rich.

**Mr. Storti**

**\$195**

### **THURSDAY 4:00– 4:40**

**All Around the World (Penguins Only)**

This class offers the opportunity for Penguins to virtually explore different countries around the world!
